The Preschool

Our purpose is to serve the needs of young children and those responsible for their growth within a Christian setting. The first five years are the most formative ones in your child's entire development. Our curriculum is designed to meet the needs of children's developmental differences. We encourage your child to explore, to ask questions, to be creative and to make choices and decisions. We offer an environment in which your child will feel secure to practice social skills and to learn to solve conflicts constructively.
